Description

Sean and Jill are just beginning to see their hopes and dreams fulfilled, having recently moved into a charming cottage that seems too good to be true. Looming above their new home is the grand mansion owned by the Charmeins, an aging couple who appear to know everything about them. Sean and Jill begin to suspect the Charmeins are behind the unsettling events that are steadily upending their lives, all to serve some hidden agenda. How two reclusive elderly people could orchestrate such chaos remains a disturbing mystery. The reason why soon becomes terrifyingly clear, driving Sean and Jill to plot a desperate revenge — one that ends with consequences neither of them could ever have imagined.

A thrilling mystery from the Author of *Deep Lake House* and *The Mart*, DJ Geribo is able

to write across literary genres creating characters with whom it's nearly impossible to not become deeply involved
